This is just a note to inform you that WRMC-FM has elected a new Board of Directors. They will take office for one year starting Jan. 1, 1972. I would like to thank you for all the help you have given me, the old board, and the station during my terms in office. I hope you will continue to help the station and the new board as you have in the past. Below is a list of new directors and their phone numbers. As of Jan. 1 all business should be conducted with the new board. Please note also; the station has a new phone number.

Thank you again for your help, cooperation, and contributions. Have a happy Holiday!

Sincerely,

Peter Lempke

Re: Board of Directors changes

This letter should serve as an update to the college directory and an introduction to the new WRMC Board of Directors. Since these mid-year changes are not evident in the recent college directory, I thought that it would be useful to send out this corrected list in order to facilitate contact with the necessary people.

Sub Policy: DO NOT ASK YOUR FRIEND TO DO YOUR SHOW! A cursory glance at the size of our staff list will make you aware that there are lots of people (trained and eager) waiting to send their golden tones over the air at 91.7 FM. Please let us (Joan or Jill at 388-7646) know at least 48 hours in advance(unless you are suddenly taken ill at the last minute) or more if possible. We will find you a substitute!

Just in case you have told us 2 weeks in advance that your required presence at the 5th Annual Pet Rock Convention in Butte, Montana prevents you from doing your regularly scheduled show, you should check with us once again before you take off for the Wild West to make sure that we, too, have remembered that you will not be with us that week.

Please comply with the rules - we'd like to give as many qualified people as possible the chance to do a show.

March 6, 1983

Geoff May
Box 3263 Middlebury College
Middlebury, VT 05753

Dear Geoff,

This letter probably comes as no suprise, however I must inform you that your Friday evening show will be given to someone else and your privilege to broadcast at WRMC has been revoked. This action comes as a result of the incident last Friday night when, in your show, you chose to disregard station rules and you harassed the Station Manager. Specific reasons for your dismissal are listed below:

1. Profanity on the air
2. No Playlist kept
3. No logs kept
4. Friends on the air
5. Liquor found in the control room
6. More than two friends in the contol room
7. Doors of the control room left open--phones ringing on air
8. Full phone number not given
9. Dedications given
10. Mention of college places without regard those outside of the college community
11. More than one song per artist aired
12. No transmitter tests performed
13. No new music played (according to listeners)
14. Improper running of Associated Press News

Unlike the last time you were suspended, your liscense may never be renewed for WRMC.

If you would like to talk, I'll be available to do so.

Sincerely

Matt Bucy

TYPE OF COMPLAINT: DISORDERLY CONDUCT

COMPLAINT REPORT

Name: Hugh Montgomery, General Manager WRMC-FM Telephone No. 8-3993

Address: Chateau 307, C4131, WRMC-FM
(No. and Street) (Village) (Town)

Method of Complaint ☐ Letter ☒ Tel. ☒ Interview

Complaint received by: Date: 3/4/83 Time: 11:50 PM

Assignment:

Give below details of complaint, names and addresses of suspects and witnesses, accurate description of offense and property missing, also estimated value.

Geoff May, a disk jockey at WRMC-FM was in the process of doing his weekly radio show Friday evening, March 4, 1983. During the course of the show it became apparent that Geoff was in violation of three major rules of the radio station:

1. Use of profanity over the air
2. Under the influence of drugs and/or alcohol
3. Use of WRMC facilities as somewhat of a social club with more than two guests in the studio.

These are in addition to violations of style, common sense and courtesy that were made plain when Geoff became a disc jockey last fall.

As General Manager of WRMC it is my duty to enforce rules of both WRMC and the Federal Communications Commission. As it was clear Geoff was violating the rules, I told him to leave. He refused so I called Security to help evict him. After a confrontation in the radio station during which time I was subject to verbal abuse and threats from Mr. May, he left the studios. In addition I was forced to turn off the station's transmitter for the duration of the conflict. After his departure I discovered that he had not performed the required transmitter tests, nor was he signed on the daily logs, both in violation of F.C.C. laws. Later I found a liquor bottle in the garbage can, though I cannot prove it was his.

Mr. May's apparent disdain for both the rules of the station and those of the Federal Communications Commission had prompted an earlier dismissal which was later retracted and a warning issued. Last evening he failed to live up to his responsibilities once more.

Dear Fellow Staff Members,

From time to time, there's some question as to what the guidelines are here at WRMC. Accordingly, they're listed below. They're designed to keep WRMC running smoothly, preserve the equipment, and focus our energies on creating good programming without sacrificing common sense. As you see, there aren't a great number of them, and they are to be observed <u>at all times</u>.

1. You are personally responsible for your show each week and you must arrive on time. If for some justifiable reason you cannot show up, you are expected to notify a member of the programming department.

2. You are personally responsible for everything you say and play on the air. No one is around to censor you, but no one will answer for you either if you do something common sense tells you not to. In addition, no profanity on the air. We'd rather have to fight for our right to broadcast more important things.

3. We cannot allow drugs or alcohol around the station, and don't show up for your show stoned or drunk. It's painfully obvious on the air.

4. The station and its equipment including records are college property. Any incidents of theft or destruction are handled by the deans.

5. The station is not set up as a social club. Partying, people running in and out of the control room creating a great deal of noise is distracting to whoever is on the air. In other words, your show is not a very good time to entertain your friends. You're allowed a maximum of two guests at a time while you're on the air--and you're responsible for making sure they observe these rules while they're visiting.

There's a fine line between having fun doing great radio and having the kind of fun that creates problems for everyone else on the staff. Since the success of WRMC depends on everyone involved, people who cannot follow the above guidelines just cannot remain on the air.

SUBSTITUTE DJ LIST

Instructions For Use: If you can not attend one of your shows, please find a sub D.J. for your genre *in advance*. Classical DJ's are free to also call jazz DJ's. Techno and hip-hop DJs can also call each other, as can world and folk. If you have called everyone, and still can't find a substitute, then call Jenny Marder (x6746).

Charlotte,

In case you haven't heard I am now the official WRMC General Manager for the 97/98 school year. I am excited about the position and the opportunity to make some real improvements at WRMC. I am looking forward to a time when I can sit down with you and talk about the general state of affairs and the possible directions in which WRMC is heading. Enclosed is the list of board members for the fall, I hope this is not too late to be of use. I'll be in touch soon,

Kevin Peckham
